Unified Facilities Guide Specifications (UFGS) | WBDG

- Average Price to Install with Prefabricated Cement vs. Poured. Expect to pay between $500 and $1,500 to install your pre-purchased precast cement. The total precast cost of $800 to $3,500 compares favorably to the $900 to $5,000 range for a custom-poured staircase when including materials and labor. The lower cost is the result of faster construction time and ...
